Dear OSHA Officials:

I hope you will give great thought before trying to enact any more regulations like the OSHA smoking limitations. I understand OSHA is trying to implement new smoking rules and regulations. Any more regulation of my way of doing business is going to hurt me and my a number of employees.

You good people in Washington want to hit us with more rules and laws that will make my life more difficult and cost me money.

Please remember the word freedom when you consider these proposed regulations. We should have the right to decide this matter, free of bureaucratic dictatorship.

Thank you,
